Appendix 11-P4A-1: Part 4a Gazetteers of Heritage Assets

1 Introduction

- 1.1. The gazetteer tables¹ presented in this appendix identify the following heritage assets relevant to Part 4a of the Proposed Development:
 - a. Designated heritage assets within the Part 4a Preliminary Order Limits and surrounding 1 kilometre (km) study area (**Table 1**); and
 - b. Non-designated heritage assets within the Part 4a Preliminary Order Limits and surrounding 500 metre (m) study area (**Table 2**).
- 1.2 Some heritage assets are located in more than one study area where these extend into other Parts of the Proposed Development. Where this occurs, this is stated in the location column of the relevant gazetteers.
- 1.3 The locations of designated and non-designated heritage assets that correspond to each of the gazetteers are shown on the accompanying figures in Preliminary Environmental Information (PEI) Report **Volume 3**:
 - a. **Figure 11-P4aA-1: Part 4a Designated Heritage Assets**; and
 - b. **Figure 11-P4A-2: Part 4a Non-Designated Heritage Assets**.

¹ All data presented in the gazetteers is taken from either the National Heritage List for England (NHLE) dataset (designated assets) or the relevant Historic Environment Record (HER) (non-designated assets). The data is a primary source, and is presented as it appears on the relevant dataset

Table 1: Part 4a Gazetteer of Designated Heritage Assets

National Heritage List for England (NHLE) Reference	Designation and Grade	Name	Description	National Grid Reference (NGR)	Within Part 4a Preliminary Order Limits or 1 km Study Area
1006943	Scheduled Monument	Roman town of Magiovinium and Roman fort	A full description has not been included in the NHLE description. The 500 m study area for Part 4a of the Proposed Development does not include non-designated heritage assets related to this Scheduled Monument as it resides outside the study area. Magiovinium was a Roman settlement situated on either side of Watling Street (MBC5588), archaeological investigations within the Scheduled Monument have revealed <i>“extensive sprawl of unenclosed settlement remains cut through by later multivallate defences. There was evidence for possible industrial activity in the eastern part of the town and a possible monumental building in the west, close to the River Ouzel”</i> . National Heritage List for England (NHLE) Reference	Designation and Grade	Name	Description	National Grid Reference (NGR)	Within Part 4a Preliminary Order Limits or 1 km Study Area
1125439	Grade II; Listed Building	Mill Mill House	Circa 1830-50 mill house. 2 storeys red brick. Low gable end slate roof, flat eaves. Long front. 3 irregularly spaced windows two 2 light casements and glazing bar sash windows to west end. Plain door, modern wood porch. The house is linked to mill proper by single storey range with later openings. 2 storey mill block with half hipped slate roof, the ends of rafters exposed forming overhanging eaves. The sluice arch running under building has been partially blocked but the machinery appears to be otherwise intact with undershot wheel. 2 light casement windows and hatches to upper floor.	SP 88318 32929	Within Part 4a Study Area
1320174	Grade II; Listed Building	Middle Lodges Southern Lodge	Southern lodge of a pair of estate lodges. Early C19. Red brick. Pitched roof originally slated but now with corrugated iron; projecting bracketed eaves, those to gable ends returning to appear as broken pediments. 2 storeys 2 windows. Flat arch to entrance with plain plank door. Segmental arch to fictive painted sash to right. First floor with similar but smaller fictive sash above door and	SP 90070 31083	Within Part 4a Study Area
